All notices to other interested persons shall be mailed to such address as such person shall designate in writing to the Association Board. All notices shall be deemed to have been given when mailed or hand delivered except notices of change of address, which shall be deemed to have been given when received, unless as otherwise provided herein.

The Association shall have the power to levy fines, construction penalties and other charges against Owners, as a monetary penalty and to reimburse the Association for the costs of enforcement of any provisions of this Declaration including the violation of any rules or regulations promulgated by the Board or the ADRC and violations of Design Guidelines. Owners are responsible for the actions and resulting fines that are created in violation of this Declaration by all agents of the Owner, vendors, tenants, and guests.

Section 14. **Rules and Regulations.**

The Board may promulgate rules and regulations which elaborate on or add to the provisions of Article IV with a thirty (30) day Association review prior to Board approval.

Section 15. **Other CC&Rs and Associations.**

Nothing contained herein shall prohibit or impair the recordation of additional or supplemental covenants, conditions and restrictions (and the establishing of one or more homeowners associations related thereto) which apply to only a portion of the Subdivision, in order to establish rights and obligations regarding limited Common Elements, provided all Owners subject thereto consent, and provided further that any conflict between the provisions of additional or supplemental covenants, conditions and restrictions and this Declaration shall be governed by the provisions hereof.

Should Nonresidential Area owner develop residential lots of land excess to the golf operation pursuant to then applicable Washoe County master plan as amended, ordinances, regulations and procedures, said lots, to the extent they otherwise qualify as such, shall become Lots for purposes of these CC&Rs and subject to the benefits and burdens thereof.

**ARTICLE III
ASSESSMENTS**

Section 1. **Agreement to Pay.**

Each Owner, by his acceptance of a deed for each Lot owned, and Nonresidential Area Owner Equivalent Lots are subject to assessment as set forth in this Declaration, covenants and agrees to pay to the Association such regular and special assessments as are established, made, and collected as provided in this Declaration. All Lot Owners and the Nonresidential Area Owner shall have all voting rights and other rights incident thereto as provided in the Articles, Bylaws, and this Declaration.

Section 2. **Personal Obligations.**

Each assessment, together with any late charge, interest, collection costs, and reasonable attorney's fees, shall be the personal obligation of the person or entity who was an Owner subject to the assessment at the time such assessment or installment became due and payable. If more than one person or entity was the Owner, the personal obligation to pay such assessment or installment respecting such real estate shall be both joint and several. Subject to the provisions of Article IX, Section 2, a purchaser of a Lot shall be jointly and severally liable with the seller for all unpaid assessments against the real estate without prejudice to the purchaser's right to recover from the seller the amount paid by the purchaser for such assessments. Suit to recover a monetary judgment for such personal obligation shall be maintainable by the Association without foreclosure or waiver of the lien securing the same. No Owner may avoid or diminish such personal obligation by abandonment of his real estate.

Section 3. **Purpose and Amount of Assessments.**

The assessments levied by the Association shall be determined by the Board and shall be the amount estimated to be required, on an annual basis, and shall be used exclusively, to promote the Association purposes specified in Article II, Section 1 for the performance of the duties of the Association as set forth in this Declaration, and for the repair, maintenance and upkeep of Association property or any such property for which the Association has agreed to jointly use and maintain. Funds held by the Association shall be held, to the extent possible, in interest-bearing accounts with proper insurance to protect the balances of such accounts.

Section 4. **Annual Assessments.**

Not less than thirty (30) and no more than sixty (60) days before the beginning of each calendar year of the Association, the Board shall meet for the purpose of preparing the proposed operating statement or budget for the forthcoming calendar year (the calendar year shall be the fiscal year unless the Board specifies otherwise), and establishing the annual assessment for the forthcoming calendar year, subject to the power of disapproval of the Lot Owners, as specified in Section 5 of Article II; provided, however, that the Board may not establish an annual assessment amount per Lot or Equivalent Lot for any calendar year, which increases by more than fifteen (15) percent over the annual assessment per Lot or Equivalent Lot of the prior year without the approval by vote or written consent of Owners holding a Majority of the voting rights.

Section 5. **Special Assessments as per NRS 116.**

If the Board of Directors during a board meeting determines that the estimated total amount of funds necessary to defray the common expenses of the Association for a given fiscal year is or will become inadequate to meet expenses for any reason, including, but not limited to, delinquencies in the payment of assessments, then the Board shall determine the approximate amount necessary to defray such expenses; and if the amount is approved by a majority vote of the Board, it shall become a special assessment; provided, however, the Board may not approve one or more special assessments in any calendar year which in the aggregate exceed fifteen (15) percent of the annual assessment per Lot for that calendar year, without the approval by vote or written

consent of Owners holding a Majority of the voting rights. The Board may, in its discretion, prorate such special assessment over the remaining months of the fiscal year or levy the assessment immediately against each Lot Owner.

Section 6. **Special Lot Owner Assessments (NRS 116.3115, Section 6).**

Additionally, the Association shall have the power to incur expenses for maintenance and repair of the improvements on any Lot and for other costs of remedying violations of provisions of this Declaration, when an Owner is in violation of provisions of this Declaration, provided the Lot Owner has failed or refused to cure the violation within thirty (30) days after written notice and with opportunity for hearing as defined in the Association's collection policy. Such expenses will be the responsibility of the Lot Owner that is in violation and has failed to cure the same.

Section 7. **Uniform Rate of Assessment.**

Except for assessments related to limited Common Elements (e.g., sub-gates), or contracted services including road snippets, or as otherwise specifically provided in this Declaration by law, annual and special assessments of the Association must be fixed at a uniform rate for all Lots and Equivalent Lots subject to assessments.

Section 8. **Assessment Period.**

The annual assessment period shall commence on January 1 of each year and shall terminate on December 31 of such year; and annual assessments shall be payable in advance monthly unless the Board adopts some other basis for collection.

Section 9. **Notice of Assessments: Time for Payment.**

Association may, in its discretion, give written notice of assessments to each Owner, which notice shall specify the amount of the assessment and the date or dates of payment of the same. No payment shall be due fewer than thirty (30) days after such written notice has been given. Each delinquent assessment may charge interest as defined in its Collection Policy per annum from the date it becomes due together with a late charge of TWENTY-FIVE DOLLARS AND NO CENTS (\$25.00) for each delinquent installment. An assessment payment is delinquent if not paid within thirty (30) days after its due date. Failure of the Association to give notice of the assessment shall not affect the liability of the Owner for such assessment, but the date when payment shall become due in such a case shall be deferred to a date thirty (30) days after such notice shall have been given.

Section 10. **Statement of Account.**

Upon payment of a reasonable fee, and upon written request of any Owner or any beneficiary of a deed of trust, prospective beneficiary, or prospective purchaser of Lots or Nonresidential Area, the Association shall issue a written statement setting forth the amount of the unpaid assessments, if any, with respect to such real estate, the amount of the current periodic assessment, transfer fees, and the date that such assessment becomes or became due, credit for

advanced payments or prepaid items, which statement shall be conclusive upon the Association in favor of persons who rely thereon in good faith. Unless such request for a statement of account shall be complied within thirty (30) days, all unpaid assessments which became due prior to the date of making such request shall be subordinate to the lien of a deed of trust of the requesting beneficiary; which acquired its interest subsequent to requesting such statement.

Section 11. **Collection of Assessments.**

The right to collect and enforce assessments is vested in the Board acting for and on behalf of the Association. The Board of Directors or its authorized representative, can enforce the obligations of the Owners to pay assessments provided for in this Declaration by commencement and maintenance of a suit at law or the Board may enforce assessments by judicial proceedings or, to the extent permitted by NRS Chapter 116, through the exercise of the power of sale granted to the Board. Suit to recover a money judgment against an Owner for unpaid assessments together with all other amounts allowed by law or described in this Article shall be maintainable without first foreclosing against the real estate subject to the lien for such assessment or waiving the lien rights granted hereby.

Section 12. **Lien for Assessments: Priority.**

All sums assessed pursuant to this Article, together with interest, fees, charges, fines, construction penalties and other expenses allowed by law shall be secured by a lien on Lots or the Nonresidential Area as applicable in favor of the Association as provided in NRS Chapter 116 and as further iterated in the Association's collection policy.

Section 13. **Exempt Property.**

The following property shall be exempt from payment of Assessments:

- (a) all Common Areas, and
- (b) any property dedicated to and accepted by any government authority or public utility (including easements).

Section 14. **Suspension of Owner's Rights.**

The Association shall not be required to transfer memberships on its books or to allow the exercise of any rights or privileges of membership, including voting rights, to any Owner, Nonresidential Area Owner, or to any person claiming thereunder, unless or until all assessments due on real estate have been brought current, provided the Association complies with its Collection Policy.

ARTICLE IV PROPERTY USES

As more particularly specified in Article VII, the Nonresidential Area is exempted from the provisions of this Article IV. Otherwise, all property uses within the Subdivision shall comply with the conditions and restrictions of this Article IV.

Section 1. Single-Family Only.

Except as provided in Section 2 of this Article, only single-family dwelling units used solely for residential purposes, including private garages used in connection with said residences, together with guest quarters and other outbuildings, only as expressly provided hereinafter, shall be permitted. For purposes of this restriction, a single family shall be defined as any number of persons related by blood, adoption, domestic partnership, or marriage living with not more than two persons who are not so related as a single household unit, or no more than three (3) persons who are not so related living together as a single household unit, and the household employees of either such household unit.

Section 2. Business or Commercial Uses.

All business, trade, garage sale, moving sale, rummage sale, or similar activity is prohibited. However, a Lot Owner or lessee may conduct business activities on a Lot: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Lot; (b) the business activity conforms to all zoning requirements and other applicable laws for the Subdivision; (c) the business activity does not involve regular visitation of the Lot by clients, customers, suppliers, or other business invitees, or solicitation of residents of the Subdivision; and (d) the business activity is consistent with the residential character of the Subdivision and does not constitute a nuisance, or a hazardous or offensive use, or threaten the security or safety of other residents of the Subdivision, as may be determined in the sole discretion of the Board. This provision does not entitle any Lot Owner to lease any lot for commercial purposes.

Section 3. No Group Homes.

No residence in the Subdivision may be used for a public boarding house, operated or financed by a public or private institution, sanitarium, hospital, asylum, Section 8 Housing, or any use not permitted by local law.

Section 4. Corner and Curve Lot View Obstruction.

No fence, wall, hedge, or shrub planting which obstructs sight lines at elevations greater than 2 feet above the roadways shall be placed or permitted to remain on any corner Lot or Common Area within the triangular area fanned by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a round property corner from the intersection of the street property lines extended. The same sightline limitations shall apply on any Lot or Common Area within 10 feet from the intersection of a street property

line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

Section 5. **No Interference with Drainage.**

Each Lot Owner agrees that he will accept the burden of and not in any way interfere with, the established drainage pattern over his Lot from adjoining or other Lots in the Subdivision, or, in the event it is necessary to change the established drainage, that he will make adequate provisions for proper drainage over his Lot. No structure or other material shall be placed or permitted to remain which may damage, interfere with, obstruct, or retard the flow of water through drainage channels, or which may change the direction of flow of such channels. For the purpose hereof "established" drainage is defined as the drainage which occurred at the time the overall grading of a Lot, including, if applicable, the landscaping of each Lot.

Section 6. **Slope Stabilization.**

Each Lot Owner agrees that in the event any slopes located on his Lot have been planted to comply with local government or ADRC requirements for stabilization of said slope or slopes, the Owner shall adequately water and continuously maintain said slope or slopes.

Section 7. **Maintenance of Fence and Walls.**

Each Lot Owner upon which all or a portion of a wall or fence may be located, agrees to maintain, paint or repair said wall or fence, unless the Association has assumed responsibility for maintenance as provided in Subsection 1 b. of Article VIII.

Section 8. **New Structures Only.**

No existing, used, constructed, or partially constructed structure of any type or nature shall be moved from another place to the Subdivision for any purpose whatsoever.

Section 9. **Square Footage Minimums.**

No principal residential dwelling shall be constructed or maintained upon any parcel or Lot which shall have a total floor area of less than 2,500 square feet, exclusive of porches, patios, attached and detached garages, outbuildings, breezeways or walks. Detached guest quarters, as defined below, shall have a ground floor area of not more than 1,500 square feet, and such guest quarters cannot be occupied until the principal residential dwelling is completed and occupied.

Section 10. **Restriction on Number of Dwellings.**

No building, structure or improvements shall be constructed, erected, altered, placed or permitted to remain on any Lot other than one (1) dwelling designed for principal residential occupation for not more than one (1) family, together with such related outbuildings and facilities pertinent to said single family residential use. The word "Related Outbuildings and Facilities"

shall include one additional dwelling for guest quarters and/or one detached garage, subject to approval of the ADRC.

Section 11. **No Water Pollution.**

No use on any of the property described herein shall be allowed which in any manner or for any purpose would result in the drainage or dumping of any refuse, sewage or other material which might tend to pollute surface or subterranean waters.

Section 12. **No Garbage/Trash Receptacles.**

No garbage, refuse, rubbish or obnoxious or offensive material shall be permitted to accumulate, be dumped or buried on any Lots, and Lot Owners shall cause garbage and other like material to be disposed of by and in accordance with accepted sanitary practice. Trash receptacles shall be kept hidden from public view at all times, except when placed out for collection. Trash for collection shall be placed on the street right of way per the Rules & Regulations. The Association may designate an area at the intersection of a street with a common driveway (Snippet), which area may be within the street right-of-way or on a Lot, for the placement of trash receptacles for collection. No dumping by Lot Owners or their contractors will be allowed on vacant Lots within the community.

Section 13. **Repair of Damaged Structures.**

No building or garage damaged by fire or otherwise damaged so that it becomes unsightly shall be permitted to remain on any Lot. Such structures shall be promptly rebuilt, refinished, or torn down and removed, and in no case shall the unsightly damage remain longer than three (3) months without ADRC approval to an extension. Any tear down or removal must have ADRC approval.

Section 14. **Nuisances.**

No use of any Lot or structure subject to this Declaration shall annoy or adversely affect the use, value, occupation, and enjoyment of any adjoining Lot or of residences in the Subdivision in general. No noxious, offensive or disturbing activity of any kind shall be permitted.

Section 15. **Excavation Restrictions.**

No excavating or drilling for minerals, stone, gravel, oil or other hydrocarbons, or earth shall be made upon any Lot other than excavation for necessary construction purposes relating to dwelling units, retaining and perimeter walls, landscaping outbuildings and pools, contouring, shaping, fencing or generally improving any Lot as per ADRC approval.

Section 16. **Paints and Finishes.**

The exterior portions of all houses, buildings, and structures erected or constructed on a Lot shall be painted with a finish coat of varnish, stain or paint approved by the ADRC within thirty (30) days after completion or before occupancy. At no time will the exterior of any houses, building structures and fences be allowed to approach a state of aesthetic deterioration such that they become a visual nuisance. Repainting or re-staining exterior surfaces with the same color paint or stain shall not require approval of the ADRC. Semi-custom homes should refer to the Design Guidelines for pre-approved painting/staining options that still require a notice to the ADRC.

Section 17. **Storage Restrictions.**

The storage of tools, household effects, inoperable vehicles, machinery and machinery parts, empty or filled containers of trash or other materials, boxes or bags, trash, materials, or other items that shall in appearance detract from the aesthetic values of the property shall be so placed and stored to be concealed from public view.

Section 18. **Prohibition on Clothes Lines.**

No exterior clothes line shall be installed on any Lot, or any portion of the Lot, unless completely concealed from view.

Section 19. **Sign Restrictions.**

No sign, poster, billboard, advertising device or other display of any kind shall be displayed without the approval of the ADRC Committee, except the Owner may exhibit one (1) political sign (as that term is defined by Nevada Revised Statutes and/or Federal law) not larger than 24" x 36" on the Lot. Up to two Realtor For Sale signs that meet Design Guidelines may be placed and maintained on the Lot without further approval. All other signs require specific approval from the ADRC. The Lot address number should be easily viewable.

Signs not meeting the standards of size, color and other specifications set forth by the ADRC, or signs not approved by the ADRC may be removed by the Association from the premises where displayed. Removed signs will be held for fourteen (14) days by the Association to be claimed by the Lot Owner, after which time period they may be destroyed.

Section 20. **Garage Requirements.**

Every single-family dwelling unit constructed shall have on the same Lot enough enclosed automobile storage for at least two (2) automobiles. Carports are prohibited. Garage doors shall be closed at all times except when entering or exiting the garage, cleaning the garage or working in the yard.

Section 21. **Separation of Ownership.**

No Lot may be subject to a deed, conveyance, agreement or other document which would affect or cause a separation into different ownerships of surface and subsurface rights, or any portion thereof. Nothing herein shall prevent the dedication or conveyance of all or a portion of any Lot for use by the public utilities or as a street, in which event the remaining portion of said Lot shall for the purpose of this provision be treated as a whole Lot.

Section 22. **No Occupancy Without Certificate of Occupancy (COO).**

No building, any part of which is designed for dwelling purposes, shall be in any manner occupied while in the course of original construction or until it is completed and the building has received a Certificate of Occupancy from the applicable government agency.

Section 23. **No Violation of Law.**

Nothing shall be permitted to occur on a Lot which violates any law, ordinance, statute, rule or regulation of any local, county, state or federal entity.

Section 24. **Fire Control Maintenance.**

Each Lot Owner shall be responsible for the maintenance of any fire fuel modification areas and firebreak areas located on the Lot, such as removal of certain trees, dead limbs and other dead vegetation. All barbeque appliances must be lidded. The Board may adopt and maintain a Fuels Management Policy consistent with Washoe County and the Fire Protection District. Notwithstanding the Nonresidential Area access prohibition of Article IV Section 40, each Lot Owner with a Single Family Dwelling within 100 feet of the Nonresidential Area is hereby granted access to the adjacent Nonresidential Area for the specific limited purpose of clearing brush, dead limbs, and hazardous fire fuel plants to establish and maintain 100 feet of defensible space from said dwelling. It is understood that the non-liability provisions of Article VII Section 5 shall be applicable to the clearing easement granted hereby. Lot Owners are cautioned to be mindful of errant golf balls and natural/topographical hazards and fencing that may be attendant to use of such easement.

Section 25. **Weeds.**

No noxious weeds as per NRS.555.130, diseased plants or infected vegetation of any kind or character shall be placed or permitted to grow upon any Lot or Common Area or portion thereof. However, native vegetation will be allowed on any lots as long as they conform to the Association's Fuel Management Policy and ADRC Guidelines.

Section 26. **Subdividing and Land Use.**

Except as otherwise provided herein, regardless of any action of any governmental agency, no Lot may be divided, subdivided, or re-subdivided to a size less than the original size of the Lot.

The zoning and use of any of the Lots in the Subdivision may not be changed nor amended to multiple residential nor commercial use.

Section 27. **Paved Surface Requirements.**

All driveways, walkways, parking areas and other areas of similar nature shall be paved with a suitable “all-weather” material approved by the ADRC such as asphalt, concrete, paving stones, decorative concrete paving or other materials approved by the ADRC within thirty (30) days of the completion of construction of the principal residence. Gravel or loose rock is prohibited.

Section 28. **Parking and Storage of Vehicles.**

Storage of trailers, campers, boats, recreational vehicles, machinery, and motor vehicles, whether they are operative, under repair, junk, inoperative, or unlicensed, or other similar type objects, shall only be permitted on Lots if kept in a fully enclosed garage or if completely screened from view, except that this provision does not preclude operable, licensed passenger vehicles or trucks of up to one and one-half (1-1/2) ton capacity which are routinely in use from being parked in private driveways. The intent of this Section is to allow only for the loading and unloading of trailers, campers, boats and recreational vehicles in public view on a Lot and out of a garage.

Construction parking will be as per ADRC Guidelines. Parking of other operable vehicles should be on driveways and in approved parking areas and not on a street. During Lot Owner special events, parking will be allowed with prior notice and approval of Association’s Security staff.

Section 29. **Water Usage/Restrictions.**

The Subdivision is in a high desert environment subject to cyclical drought conditions. Every Lot Owner is encouraged to conserve water wherever possible. In order to conserve water usage on Subdivision Lots, the following water usage restrictions will apply to all Lots:

- a. Automatic sprinkler and irrigation systems shall be required for all Lot Landscaping;
- b. The total square footage of turf area on any Lot shall not exceed 20% of the total square footage of the Lot minus the area of the building structures (e.g., main dwelling, garages, porches, gazebos, decks) and the driveway; but, in no event shall the turf area exceed 3,500 square feet. For example, if the Lot is 15,000 square feet in gross area and the combined building areas and driveway cover 5,000 square feet, then only 20% of the remaining 10,000 square feet (i.e., 2,000 square feet) is allowed to be turf.

Artificial turf may not be subject to the above square footage restrictions in this Section, and shall be approved by the ADRC per the ADRC Guidelines.

Section 30. **Completion of Construction.**

Construction of any improvement, once commenced, shall be pursued diligently to completion as adopted in the Design Guidelines and iterated herein. Building/installations must commence within twelve (12) months of plan approval for any project. If not, the plan approval is void and the plan must be resubmitted. New home construction must be completed within 24 months of approved plans. New home landscaping must be completed within ninety (90) days of receiving a Certificate of Occupancy (COO). All other improvements and/or modification projects must be completed within 180 days of plan approval. Extensions may be considered by the ADRC on a case-by-case basis upon written request of the Owner. If projects are not completed by the deadline, the owner may be subject to additional fees and/or penalties as outlined in the Design Guidelines. If construction ceases for ninety (90) consecutive days this is considered a violation of this Declaration, and the Owner will be subject to fines and/or penalties provided in Articles V and VI.

Section 31. **Maintenance of Lots.**

All Lots whether vacant or improved, occupied or unoccupied, shall be maintained in such a manner as to prevent their becoming unsightly, unsanitary, or a hazard to health. Such complaints can be registered by Lot Owners, Maintenance and/or Security Staff, and Community Manager with the Board. If not so maintained, the Association shall have the right, after giving thirty (30) days written notice in like manner as above set forth in Section 30 above, through their agents and employees, to undertake such work as may be necessary and desirable to remedy the unsightly, unsanitary or hazardous condition, the cost of which shall be added to and become a part of the assessment to which such Lot is subject. The Board shall conduct a hearing and such decision shall be final. The Board, the Association or any of their agents, employees or contractors, shall not be liable for any damage which may result from any maintenance work so performed. The Board or the Association or their agents or employees are not liable for any failure to exercise the right to so maintain any Lot.

Section 32. **Dead Vegetation and Dead Limbs.**

Except as provided in Section 24 of this Article, within one (1) month of completion of the main single family dwelling, each Lot Owner shall remove all dead trees, dead limbs and any dead vegetation that remain on a Lot, unless the ADRC decides some or all of the removal is not necessary.

Section 33. **Disposal of Sanitary Waste.**

All permanent plumbing fixtures, including dishwashers, toilets or garbage disposal systems shall be connected to the sanitary sewer system in the Subdivision.

Section 34. **Fences and Obstructions.**

The following general fencing guidelines shall apply. All front yard property lines from single family dwellings to the street shall be kept free and open, except courtyards may be allowed at the discretion of the ADRC. Any fencing allowed shall consist of materials determined by the ADRC and at locations approved by the ADRC. No fence, wall, hedge, tree, plant, shrub, lawn, or foliage shall be planted, kept or maintained by the Lot Owner in such a manner as to create a potential hazard or any aesthetically unsatisfactory appearance on the Lot, as determined by the ADRC. No fence, structural improvement, wall, hedge, tree, shrub, planting or other obstruction to vision shall be more than two (2) feet higher than curb level within twenty-five (25) feet of the intersection of any two (2) streets on any corner Lot or any blind curve.

Section 35. **Animals.**

No animals nor fowl and excluding fish, including without limitation, horses, cows, sheep, goats, pigs, chickens, and exotic pets, except for no more than four (4) usual household pets of a species (e.g., dogs, cats, small birds, hamsters, turtles, frogs, lizards, gerbils, nonpoisonous snakes) shall be allowed or maintained on any Lot. The permitted pets shall be kept, bred, or raised solely as household pets for private use and not for commercial purposes. No animals nor fowl shall be allowed to make any unreasonably loud noises or shall otherwise be allowed to be a nuisance. No animal nor fowl shall be permitted out of a structure on a Lot unless in a fenced enclosure, nor permitted off a Lot unless such animal or fowl is under the control of a person by means of a leash or other reasonable physical restraint. No pets shall be kept upon a Lot until such time as a Certificate of Occupancy has been issued for the dwelling on the Lot and adequate provisions approved by the ADRC have been made for confining such pets to the Lot. No dog houses or dog runs are allowed on any Lot, unless such dog houses or dog runs are screened from view by landscaping or fencing and approved by the ADRC. Upon request of a Lot Owner, the Board, in its sole discretion, shall determine for the purposes of this Section whether a particular animal or fowl shall be considered as a permitted pet, whether it is a nuisance, or whether the number of animals or fowl on any Lot is reasonable.

Section 36. **Flags, Solar Panels and Antennae/Exterior or Roof-Mounted Equipment.**

No pole, flagpole, mast, solar panel, satellite dish, or other outdoor antenna or related device shall be allowed on any Lot without the prior written consent of the ADRC; provided, however, that any Owner is entitled to install and maintain a system for obtaining solar energy consistent with Nevada and Federal law on their Lot and to display the flag of the United States and/or the state of Nevada, in a manner that is consistent with the Federal Flag Code, from or on:

- a. A flagpole or staff which is located on exterior property within the boundaries of this Lot.
- b. A window, ledge, sill, railing, patio, terrace or balcony that is within the boundaries of his Lot, whether or not the flag is displayed from a flagpole or staff.

As used in this Section 36: "Federal Flag Code" means the rules and customs pertaining to the display and use of the flag of the United States which are codified in 4 U.S.C. §§ 5 to 10, inclusive, as altered, modified or repealed by the President of the United States pursuant to 4 U.S.C. § 10, and any additional rules pertaining to the display and use of the flag of the United States which are prescribed by the President pursuant to 4 U.S.C. § 10; and "Flag of the United States" does not include a depiction or emblem of the flag of the United States that is made of balloons, flora, lights, paint, paving materials, roofing, siding or any other similar building, decorative or landscaping component or material.

The Association may adopt rules that: (i) Prohibit the display of the flag of the United States in a manner that is inconsistent with the Federal Flag Code; (ii) prohibit the display of the flag of the United States if the flag exceeds four feet (4') in its vertical dimension or six feet (6') in its horizontal dimension (the horizontal dimension of the flag is the dimension that is parallel with the horizontal stripes of the flag, regardless of the position in which the flag is displayed); (iii) establish a maximum number of flags of the United States that may be displayed from, on or around the exterior of a unit (the maximum number is one); (iv) prohibit the display of the flag of the United States from a flagpole or staff that exceeds twenty-five feet (25') in height; and (v) prohibit the display of the flag of the United States in a manner that poses a real and substantial danger to health or safety.

In addition, outside television antennas, cellular towers, aerials, satellite dishes or similar devices for the transmission or reception of television, radio, cellular, satellite, of other signals or any kind are prohibited, except:

- a. The Association shall have the right, without obligation, to erect, place or install and maintain any such apparatus on Common Areas for the benefit of all or a portion of the Community as approved by the ADRC and Washoe County if applicable for Board approval.
- b. Antennas or satellite dishes with a diameter or diagonal measurement not great than one-meter (39.37") which are designed to receive direct broadcast satellite services, video programming services via multi-point distribution services, or television broadcast signals (collectively "Permitted Devices") may be erected, placed or installed on a Lot. Placements of Permitted Devices are subject to ADRC Guidelines and Washoe County ordinances if applicable.

To the extent the foregoing restrictions concerning Permitted Devices are more restrictive than allowed pursuant to applicable Federal Law, then such restrictions shall be deemed revised automatically to the minimum extent required by such laws.

Section 37. **Pools, Sports, and Play Equipment.**

No above-grade or in-ground swimming or wading pools, trampolines, other sports apparatus, swing sets, or children's play equipment may be placed, installed, erected, or attached to any structure in the Subdivision unless such apparatus is approved by the ADRC. In addition, bicycles, toys and play equipment, motorcycles, ATV's, snowmobiles, and similar vehicles must

be garaged or parked in an enclosure or fenced in a manner to be hidden from public view when not in use.

Section 38. **Defacing or Vandalism of Common Area.**

No tree, shrub, other landscaping, hardscape, structures or other improvement within a Common Area shall be defaced, vandalized, modified or removed except at the express direction of the Association.

Section 39. **Limited Access.**

There shall be no access to any Lot or parcel on the perimeter of the Subdivision except from designated streets within Subdivision.

Section 40. **Nonresidential Area Access.**

Except as otherwise expressly provided in this Declaration, all access to the Nonresidential Area from any Lot or Common Area is prohibited for any purpose, whether it be jogging, walking, playing golf or otherwise, without the consent of the Nonresidential Area Owner.

Section 41. **Operation of Motor Vehicles.**

Except as noted below, no motor vehicle shall be operated in any area within the Subdivision except on a street or driveway.

All speed limit, radar control speed, and other traffic control signs erected within the Subdivision shall be observed at all times. Motorized vehicles except authorized maintenance vehicles or emergency vehicles are specifically prohibited on all open space, paths, hiking trails, walkways, fire evacuation roads, or Common Areas (except roads or parking areas). However, maintenance and golf carts may be driven on collector streets, but, for safety purposes, on ArrowCreek Parkway, all carts shall use the walking paths.

Section 42. **Landscaping.**

Each Owner shall be responsible to properly and attractively landscape the Lot pursuant to approved landscape plans in a manner suitable to the character and quality of the Subdivision, and all landscaping shall be maintained to harmonize with and sustain the attractiveness of the Subdivision.

Each Lot Owner must establish and maintain landscaping to the applicable fire protection districts requirements for minimum defensible space, and all such landscaping shall be continually maintained consistent with the standards of the development, good husbandry practices and the applicable fire protection districts requirements.

Section 43. **Commercial Leasing.**

No Lot Owner shall participate in any plan or scheme for the rental of the improvements on such Lot, nor shall any such Lot be operated as a commercial venture. Nothing in this paragraph shall prevent a Lot Owner from renting the Lot and improvements thereon for residential use during periods of such Lot Owner's absence.

Section 44. **Impairment of Wildlife.**

Capturing, trapping or killing wildlife within the Subdivision is prohibited, except all common rodents (e.g., rats, mice, moles, voles, marmots, gophers, rabbits, squirrels, weasels), insects and other animals considered pests.

Section 45. **Disturbing Activities.**

Activities which materially disturb or destroy the vegetation, wildlife, or air quality within the Subdivision or which use excessive amounts of water or which result in unreasonable levels of sound or light are prohibited.

Section 46. **Discharge of Firearms, Weapons and Pyrotechnics.**

The discharge or use of firearms or other weapons and/or pyrotechnics within the Subdivision is prohibited. The terms "Firearms and Weapons" includes, without limitation: "BB" guns, pellet guns, bows and arrows, pistols, rifles, shotguns, sling shots and other firearms and weapons of all types, regardless of size.

Section 47. **No Temporary Structures.**

No temporary structure of any form or type, including self-contained camper trailer units, shall be permitted as a dwelling unit on any Lot or parcel. No garage or outbuilding shall be constructed before commencing construction of the main dwelling unit, and further, no trailer, garage, basement, outbuilding or other structure other than the completed main dwelling unit shall be used for temporary or permanent living quarters, except as provided herein. No covering or tent, if visible from any roadway, is permitted on any Lot for a period longer than 24 hours. Temporary construction-related structures on a Lot for outhouse equipment, storage and other construction uses shall be allowed, subject to approval of the ADRC, but only during the period of initial construction and/or exterior remodel of any structure on the Lot until issuance of a Certificate of Occupancy (COO). Interior remodels are held to the same requirements stated herein.

Section 48. **Variances.**

Either the ADRC, or the Appeal Panel (during the appeal process) may, in their sole discretion, grant variances to the provisions of this Declaration or the Design Guidelines over which it exercises the power of approval. No variance granted shall constitute a waiver or restrict enforcement of any other provision hereof, or constitute a precedent for granting another variance.

ARTICLE V ARCHITECTURAL STANDARDS

All Builders, Lot Owners and others conducting construction activities within the Subdivision shall comply with the standards specified in Articles V and VI of this Declaration as well as any and all Design Guidelines recommended by the ADRC and adopted by the Board of Directors related to these provisions.

Section 1. Building Envelope.

The Final Map established the building envelope and recommended point of access for each Lot. This envelope will be based upon the topography of the Lot, its relationship to neighboring Lots, and any unique feature that the Lot may have, such as trees, meadows, rock outcroppings, etc. The size and shape of the building envelope may vary from Lot to Lot. If in the opinion of the ADRC certain Lots do not warrant the establishment of a specially designated envelope, the envelope for those Lots shall be set according to the normal setbacks of the governing local agency for that type of Lot. In general, all building construction shall be confined to the building envelope area.

Section 2. Design Guidelines.

The ADRC shall recommend by a majority vote and submit to the Board for adoption, Design Guidelines establishing the architectural standards for construction and landscaping on all Lots within the Subdivision. Once adopted, the Design Guidelines may be amended from time to time by a majority vote of the ADRC submitted to the Board for adoption. All Lot Owners shall comply with and abide by the Design Guidelines. Copies of the Design Guidelines shall be available to each Lot Owner at the time of close of escrow and shall be maintained at the office of the Association. ADRC Design Guidelines are intended to be minimum requirements. The Board of Directors shall have final approval of any and all Design Guidelines recommended by the ADRC and the Appeal Panel shall review all appeals of ADRC decisions requested by Lot Owners upon written request.

Section 3. Views.

No representation or warranties, covenants or agreements are made by the Association or their agents, with respect to the presence or absence of any current or future view, scene or location advantage from any portion of a Lot within the Subdivision. The view, scene or location advantage may be adversely affected currently or in the future by construction or changes to the following, including, without limitation, residential homes or other structures and facilities, utility facilities, landscaping, Common Areas, public facilities, streets, sidewalks, hiking trails, cell towers, neighborhood amenities and other activities, development or occurrences whether on other land or on adjacent and nearby Lots. No representations, warranties, covenants or agreements are made by the Association or their agents concerning the preservation or permanence of any view, scene or location advantage for the Lot. The Association is not responsible or liable for any impairment of such view, scene or location advantage for any perceived or actual loss of value of the Lot resulting from such impairment. Lot Owners are solely responsible for analyzing and determining

all risks concerning the current and future value of any view, scene or location advantage and the potential or existing impairment thereof and the risks of preserving the view, scene or location advantage.

ARTICLE VI ARCHITECTURAL DESIGN REVIEW COMMITTEE

Section 1. Committee Establishment and Membership.

The Architectural Design Review Committee of the Association (“ADRC”) was established in the original Declaration. Each ADRC member shall have an indefinite term and serve at the discretion of the Board.

The ADRC shall be composed of not less than three (3) but not more than seven (7) voting members to be appointed by the Board of Directors. A minimum of one (1) voting member must be a member of the Board. Committee members are covered by the Association’s D&O insurance in the event of litigation.

- a. Voting members shall be Lot Owners.
- b. Non-Owner professionals who provide design review services to the ADRC are non-voting members. Such professionals will have their own professional liability insurance. By becoming non-voting members, they are further separated from the final decision process, providing additional protection in the event of litigation. Non-voting members will be invited to the meeting as needed to present their findings of design reviews and are welcome to attend the full meeting.

Section 2. Written Approval of Plans.

Before commencing any building operations, written approval for exterior Lot modification of any kind must be obtained from the ADRC covering building and plot plans for all structures erected, altered, renovated, remodeled, placed, assembled, or permitted to remain on any Lot in the Subdivision, including garages, walks, fences, dog runs, landscaping, ditches and walls. The ADRC approval shall cover style, design, appearance, harmony of external design, building materials, location of the proposed structure with respect to topography, finish grade elevation and the street frontage. No approval shall be construed as modifying, altering, or waiving any of the provisions herein set out unless a variance is issued by the ADRC.

The ADRC approval shall be granted only after written application has been made to the ADRC in the manner and form prescribed by it. In the event a Lot Owner desires to redecorate the exterior of any existing structure, it shall only be necessary to submit the proposed new color scheme to the ADRC for approval. Remodeling or adding to existing structures or making structural or architectural changes, including landscaping, shall require the Lot Owner to submit complete plans to the ADRC as in the case of erecting new structures.

Each Lot Owner shall be responsible to properly and attractively landscape his Lot, and maintain such landscaping. A landscape plan is to be a part of the house plans and is to be submitted to the ADRC for approval. Landscaping must be completed as specified in the landscape plan within 90 days of obtaining a Certificate of Occupancy of the main dwelling on a Lot, subject to extensions granted by the ADRC (e.g., for planting season).

Section 3. **ADRC Powers.**

The ADRC shall develop, maintain, and recommend ADRC Design Guidelines as well as rules and regulations related to the architectural process, subject to approval by the Board who shall have final approval. The ADRC shall review submissions and render decisions in accordance with the Design Guidelines and regulations as may be amended from time to time. If requested by the ADRC, applications must be resubmitted to the ADRC. The Appeal Panel Directors for all ADRC decision appeals is outlined in Section 6 below.

Section 4. **ADRC Decision Final.**

The decision of a majority of the ADRC, acting in good faith in its sole discretion, upon any matters submitted or referred to it, shall be final and shall be strictly followed. Any decision or approval by the ADRC shall not relieve an applicant or Lot Owner from complying with any requirement of a public authority having jurisdiction, and shall not constitute any representation or guaranty by the ADRC or a member thereof of compliance of the submitted matter with any statute, ordinance, or regulation pertaining thereto.

Section 5. **No Improvements Without Approval.**

No exterior improvement of any kind, including building, garage, shed, walkway, satellite dish, fence, wall, retaining wall, dog run, drainage ditch or system, landscaping or any other structure shall be commenced, erected, placed or altered on any Lot in the Subdivision until the building plans and specifications thereof, have been submitted to and approved in writing by the ADRC as to conformity and harmony of external design with the existing structures or general scheme in the Subdivision, and as to location of the building with respect to topography and finished ground elevation.

Section 6. **Grounds for Disapproval and Appeals.**

The ADRC may disapprove any application for non-compliance with the Design Guidelines through the following procedure:

- a. Should a Lot Owner submit plans to the ADRC for approval and later receive a rejection of some portion of their project including related construction violations and penalties, and should the Owner feel that the rejection and/or penalties are inappropriate; the Owner may file an appeal. The first step in this process is to request a hearing with the ADRC at their next ADRC meeting, which are held at least once per month. The Owner must explain in writing the reasons why the owner feels the guidelines were not properly and/or consistently applied.

- b. The Owner has the option to bypass the ADRC hearing process and submit an appeal directly to the Appeal Panel. The Appeal Panel shall consist of three members of the Board not currently on the ADRC and two ADRC members.
- c. The Appeal process is to allow for a review of all available information to determine if some information was not fully considered, or if additional information was provided by the owner, the architect, or the builder that may be relevant. Additionally, prior precedent may be considered and determined to be relevant or non-relevant at the discretion of the Panel based on the best information available.
- d. After reviewing the ADRC hearing notes and decision, the Appeal Panel may, at its discretion, make one of two decisions:
1. Make a decision based on all data submitted by the Owner.
 2. Schedule a hearing with the Owner at a mutually convenient time.
- e. If a hearing is granted, the Owner would be free to bring the architect and/or builder to attend the hearing, but no lawyers can attend without Association legal counsel being present. No decisions will be rendered at the hearing. The Owner will be notified of the Appeal Panel's decision in writing following the hearing, generally within a few days.
- f. The Appeal Panel may reach one of the following three decisions:
1. Confirm the decision of the ADRC.
 2. Request additional input and/or reconsideration from the full ADRC.
 3. Reverse or modify the initial ADRC ruling as appropriate.
- g. While the Appeal Panel does not wish to delay construction, the owner must realize that the appeal process could potentially have a substantial impact on their construction schedule. The date of the next available hearing can be requested via an e-mail sent to the office of the Common Interest Community Manager ("CICM") of the Association. If the Appeal Panel decides that the matter should go back to the full ADRC for reconsideration, any reconsideration would be at the next regularly scheduled ADRC meeting. The schedule of ADRC meetings can also be obtained from the newsletter or Association website. When a final decision is made by the Appeal Panel, that decision would be sent in writing to the homeowner by Certified and First Class U.S. Mail.

Should the Owner, builder, architect, or other representative have entered into a legal action against the ADRC and/or the Association concerning their construction project, the right to appeal would be forfeited.

Section 7. **Rules and Regulations.**

The ADRC may from time to time adopt written rules and regulations of general application governing its procedures and approval criteria which may include, among other things, provisions for the form and content of application; required number of copies of plans and specifications; additional architectural guidelines, provisions for notice of approval or disapproval, and various approval criteria.

Section 8. **Conformance to Plan Required.**

After any plans and specifications and other data submitted have been approved by the ADRC, no structure of any kind shall be erected constructed, placed, altered, or maintained upon a Lot unless the same shall be erected, constructed, or altered in conformity with the plans and specifications, color scheme, and plot plan approved by the ADRC. If any structure of any kind shall be erected, constructed, placed, altered, or maintained on a Lot other than in accordance with the plans and specifications, color scheme and plot plan theretofore approved by the ADRC, such erection, construction, placing, alterations and maintenance shall be deemed to have been undertaken without the approval of the ADRC ever having been obtained. ADRC approval is required for any change requests to approved plans before proceeding.

Section 9. **Variances.**

The ADRC may grant reasonable variances or adjustments from the provisions in this Article or the ADRC Guidelines where literal application thereof results in unnecessary hardship and if the granting thereof in the opinion of the ADRC would not be materially detrimental or injurious to other Lot Owners.

Section 10. **Compliance with Certification of Occupancy (COO).**

At any time prior to completion of construction of an improvement, the Committee may require a certification upon such form as it shall furnish from the Builder, contractor, Lot Owner or a licensed surveyor that such improvement does not violate any height restriction, set-back rule, ordinance or statute, nor encroach upon any easement or right-of-way of record and/or that all construction is in strict compliance with plans approved by the ADRC.

Section 11. **Compensation and Filing Fee.**

Members of the ADRC may be compensated by reasonable fees charged for ADRC services, if said fees are approved by the Board. As a means of defraying its expenses, the ADRC shall require a filing fee set by the ADRC to accompany the submission of plans and specifications for a new single-family home and a filing fee for submitting plans for remodeling, additions, landscaping, or exterior redecorating color scheme.

Section 12. **Liability.**

Notwithstanding approval by the ADRC of plans and specifications, neither it, the Association nor any person acting on behalf of any of them shall be responsible in any way for any defects in any plans nor specifications or other material submitted to the ADRC, nor for any defects in any work done pursuant thereto. Each person submitting such plans or specifications shall be solely responsible for the sufficiency thereof and the adequacy of improvements constructed pursuant thereto. No member of the ADRC shall be held liable to any person, whether a Lot Owner or not, on account of any action or decision of the ADRC or failure of the ADRC to take any action or make any decision.

Section 13. **Enforcement.**

In the event, any improvement shall be commenced without ADRC approval as herein required, or in the event any improvement is constructed not in conformance with plans approved by the ADRC, or not in conformance with this Declaration, the same shall constitute a violation of this Declaration. In addition to the remedies for violation of any portions of this Declaration set forth in herein, the ADRC shall also have the power and authority to institute arbitration, legal or other appropriate proceedings to enjoin or otherwise prevent a violation of the provisions of this Declaration, and to recommend fines for levy by the Board. All costs of dispute resolution, including attorney's fees, shall be charged to and paid by the Lot Owner if the Association prevails. Such charges shall constitute a lien on such Owner's Lot as provided in Article III hereof from the date of entry of the judgment therefore in the judgment docket. In the event the Association is not successful, each party shall pay its own costs and attorney fees.

**ARTICLE VII
PROVISIONS FOR NONRESIDENTIAL AREA USES**

Section 1. **Applicability of Declaration.**

The Nonresidential Area Owner hereby agrees to and executes this Declaration for the purpose of obtaining the benefits and bearing the burdens hereof. All provisions of this Declaration shall apply to the Nonresidential Area and be binding on the Nonresidential Area Owner, except the provisions of Articles IV, V, and VI. Section 2. **Membership in Association and Voting Power.**

The Nonresidential Area Owner shall be a member of the Association with an allocated interest and commensurate voting power expressed in terms of "Equivalent Lots", established each year (prior to the time of voting at the annual meeting when a budget is adopted) in accordance with the burden Nonresidential Area places on the Common Area streets in the Subdivision and Association expenses.

The Nonresidential Area Owner shall have two (2) equivalent lots until December 31, 2018; thereafter such allocated interest and commensurate voting power shall be based on golf

- Between 601 and 900 Golf Members shall be three equivalent lots;

Section 3. **Lot Development Within Nonresidential Area.**

Should Nonresidential Area owner or assignee develop residential lots of land excess to the golf operation pursuant to the then applicable Washoe County master plan as amended, ordinances, regulations and procedures, said lots, to the extent they otherwise qualify as such, shall become Lots for purposes of the Association's governing documents and subject to the benefits and burdens thereof, and thereafter become a part of the Subdivision, and all exhibits, legal descriptions, plots and maps used in this declaration will be deemed amended upon recordation of final maps with respect thereto without the necessity of further action on the part of the Nonresidential Area Owner.

Section 4. **Association Easements to Nonresidential Areas.**

The Association hereby grants to the Nonresidential Area Owner the following easements through this Declaration:

- a. a non-exclusive easement permitting golf balls to come upon any portion of the Subdivision from the Golf Course. The existence of this easement shall not relieve golfers of any liability for real and/or property damage and/or bodily harm caused by errant golf balls.
- b. a non-exclusive easement of access and use over those portions of the Common Areas reasonably necessary, including cart path crossings, with or without the use of maintenance vehicles, and equipment, for the operation, maintenance and repair of the Golf Course.

Section 5. **Nonresidential Area Owner Easement to Association.**

The Nonresidential Area Owner hereby grants to the Association the following non-exclusive easement to a portion of Parcel Number 152-471-11 bounded by the intersection of Winding Ridge Drive and West ArrowCreek Parkway [“the Pit Area”] for landscape maintenance.

Section 6. **No Liability for Use of Certain Easements for Golf Course.**

The Association and the Nonresidential Area Owner shall not be liable to each other or to any Lot Owner for damage or injury caused by errant golf balls, overspray or runoff of Golf Course irrigation or other use of the Golf Course easements granted by the provisions of this Article.

Section 7. **Ownership and Operation of Nonresidential Area.**

Association and Nonresidential Area Owner make no representations or warranties with regard to the continuing existence, ownership or operation of the Nonresidential Area, if any, and no purported representation or warranty in such regard by any person, either written or oral, shall be effective without an amendment to this Declaration executed or joined into by the Nonresidential Area Owner. Further, the ownership and operation of the Nonresidential Area may change at any time and from time to time by virtue of (but without limitation) the creation or conversion of the ownership or operating structure of the Nonresidential Area to “equity” clubs or similar arrangements whereby the Nonresidential Area or the rights to operate it are transferred to

any entity or entities which are owned or controlled by members. No consent of the Association or any Lot Owner shall be required to effectuate such transfer or conversion: however, any Nonresidential Area Owner shall be bound by the provisions of this Declaration as articulated in this Article.

Section 8. **No right to Use.**

Neither membership in the Association nor ownership or occupancy of a Lot shall confer any ownership interest in or right to use the Nonresidential Area. Nonresidential Area Owner shall have the right, from time to time in its sole and absolute discretion and without notice, to amend or waive the terms and conditions of use of the Nonresidential Area (e.g. Golf Course membership rights) including, without limitation, eligibility for and duration of use rights, categories of use and extent of use privileges, and number of users, and shall also have the right to reserve use rights and to terminate use rights altogether, subject to the provisions of any outstanding membership documents.

Section 9. **Access to Nonresidential Area.**

Non-Resident Members, Guests and tournament players of The Club at ArrowCreek shall have unrestricted access to the Club and Golf Course as long as Nonresidential Area owner is not in payment default (with 30-day cure period), and the Nonresidential Area Owner cooperates with Association Security to ensure effective access procedures.

Section 10. **Golf Course View Impairment.**

Nonresidential Area Owner does not guarantee or represent that any view over and across the Golf Course from Lots or Common Areas shall be preserved without impairment. The Nonresidential Area Owner shall have no obligation to prune or thin trees or other landscaping, and shall have the right, in its sole and absolute discretion, to add trees and other landscaping to the Golf Course, as well as to construct safety or security related improvements such as fences and screens. In addition, the Nonresidential Area Owner may, in its sole and absolute discretion, change the location, configuration, size and elevation of the trees, bunkers, fairways and greens, or holes on the Golf Course. Any such additions, improvements or changes to the Golf Course that may diminish or obstruct any view from the Lots or any expressed or implied easements for view purposes or for the passage of light and air, are hereby expressly disclaimed by the Nonresidential Area Owner.

Section 11. **Limitation on Amendments.**

In recognition of the fact that the provisions of this Article are primarily for the benefit of the Nonresidential Area Owner, no amendment to this Article may be made without the written approval of the Nonresidential Area Owner and the vote of the Association.

Section 12. **Fire Control Maintenance and Weeds.**

The Nonresidential Area Owner shall be responsible for the maintenance of any fire fuel modification areas and firebreak areas located on its property, such as removal of certain trees, dead limbs and other dead vegetation. All barbecue appliances must be lidded. Minimum defensible space requirements adopted by Washoe County and, if applicable, by the cognizant Fire Protection District, shall be maintained. No noxious weeds, diseased plants or infected vegetation of any kind or character shall be placed or permitted to grow. However, native vegetation will be allowed as permitted herein.

Section 13. **Shared Use of Storage Parcel.**

The Pit will be jointly and cooperatively used by the Nonresidential Area Owner and the Association for storage of material and equipment. Both parties will be responsible for the ongoing maintenance and clean-up of this area.

**ARTICLE VIII
OTHER EASEMENTS**

Section 1. **Reservation.**

The following easements (also constituting irrevocable licenses) over each Lot and all Common Areas, and the right of ingress and egress to the extent reasonably necessary to exercise such easements, are reserved to the Association and are granted for the benefit of the Association:

a. **Utilities.**

Such easements for the installation, maintenance and operation of all utilities as shown on recorded Final Maps of the Subdivision, together with the right to extend all utility services within such easements to other areas being developed within the Subdivision (including street lights) and the right to cut, trim or remove trees and plantings wherever necessary in connection with such installation, maintenance and operation.

b. **Fencing Facing Common Area.**

An easement on all applicable Lots to install or maintain (including repair and reconstruction) Lot fencing which faces Common Area, including without limitation streets, the Golf Course, and the swim and tennis facilities. The Association shall decide for each specific Lot, in the Association's sole discretion, whether any said fencing shall be installed or maintained, in order to enhance or preserve the general appearance of the Subdivision. The Association shall have the right, but not the obligation to do so. Any said fencing not so maintained by the Association shall be maintained by the Lot Owner. The Association may elect to maintain in its sole discretion, only the side of said fencing facing the Common Area in which case the Lot Owner shall maintain the remainder of the fence. In the event the Association elects to maintain a Lot Owner's fence as specified in this

subsection, the Lot Owner shall not be charged the expense other than as part of the Lot Owner's pro rata assessment for all Association costs.

c. **Common Areas.**

An easement on, over and under all Common Areas, in the Subdivision for the purpose of installing, maintaining and operating utilities to serve any portion of the Subdivision; for purposes of drainage control; for access to any Lot; for the purpose of construction or maintenance of Common Area improvements or Subdivision improvements; and for providing access to undeveloped portions of the Subdivision for any and all purposes at any and all times, including, but not by way of limitation, the right to use said Common Areas during construction of improvements on undeveloped portions of the Subdivision.

d. **Signs.**

An easement within ten (10) feet of a street or other Common Area for the installation of street and traffic signs (or other signs reasonably related to the regulation or enforcement of provisions of this Declaration) on all Subdivision Lots, together with the right to cut, trim or remove trees and plantings wherever necessary in connection with such installation, maintenance, repair and reconstruction.

e. **Snow Plowing and Snow Placement.**

An easement within ten (10) feet of any street or other Common Area upon all Subdivision Lots for the placement of snow plowed from that adjacent street or Common Area, provided that this easement is not intended to create a snow storage or dumping area on any Subdivision Lot, but only to allow the berming and placement of snow plowed from a street or other Common Area immediately adjacent to a Lot in order to clear the street of snow for the safe passage of vehicles and pedestrians on the street, walking paths or other Common Area.

f. **Right of Entry.**

The Association shall have the right, but not the obligation, to enter upon any Lot for emergency, security, and safety reasons or to perform maintenance allowed or required of Association pursuant to provisions of this Declaration or pursuant to County requirements, as well as for the purpose of insuring or enforcing compliance with this Declaration, which right may be exercised by any member of the Board or the ADRC, officers, agents, employees, and managers, and all policemen, firemen, ambulance personnel, and similar emergency personnel in the performance of their duties. Except in an emergency situation, entry shall only be during reasonable hours and after notice to the Lot Owner. This right of entry shall include the right of the Association to enter upon any Lot to cure any condition which may increase the possibility of a fire or other hazard in the event a Lot Owner fails or refuses to cure the condition within a reasonable time after request by the Board. However, this right shall not authorize entry into any occupied single-

family dwelling without permission of the occupant, except by emergency personnel acting in their official capacities.

Section 2. **Use or Maintenance by Owners.**

The areas of any Lot affected by the easements reserved in this Article shall not be improved with structures placed or permitted to remain (or other activities undertaken) thereon which may damage or interfere with the use of said easements for the purposes set forth herein.

Section 3. **Liability for Use of Easement.**

No Owner shall have any claim or cause of action against the Association, or the Nonresidential Area Owner arising out of the use or nonuse by any person of any easement reserved or created by this Declaration.

Section 4. **Driveway and Landscaping Maintenance Easements.**

In order to provide access to all Lots, a permanent nonexclusive driveway, landscaping and maintenance easement for the benefit of each Lot (the "Easement Area") is granted to Lot Owners. The Easement Area is the area of street right-of-way adjacent to a Lot, between the Lot and the street pavement, from the Lot boundary line(s) to the outer edge of the street header or curb. This easement shall be for the following purposes and subject to the following conditions:

- a. Each Lot Owner shall install, maintain and repair a driveway, mail box monument and landscaping in the Easement Area per the Design Guidelines and as approved by the ADRC.
- b. The Lot Owner is responsible for the drainage pipe under a Lot's driveway and five (5) feet on either side of the driveway that is adjacent to the street. The Lot Owner shall not be required to maintain other flood control, sidewalk, path or storm drain improvements in the Easement Area, which shall be the obligation of the Association under the Declaration.
- c. No structures, fencing or other improvements other than a driveway and landscaping (including irrigation lines) may be placed or maintained in the Easement Area by the Lot Owner without prior approval of the ADRC.
- d. The Lot Owner shall have the right of access to the Easement Area for the purposes of this Easement.
- e. No trees, shrubs or other landscaping shall be placed or maintained by the Lot Owner in the Easement Area which will impair or interfere with any flood control, sidewalk, path or storm drain improvements (or other improvements of the Association) in the Easement Area, and the Association shall have the right to remove same without compensation or liability to the Lot Owner.
- f. Any damage to the driveway or landscaping within the Easement Area caused by construction, maintenance or repair of flood control, sidewalk, path or storm drain

improvements (or other improvements of the Association placed in the Easement Area) shall not result in any claim or liability by the Lot Owner against the Association.

Section 5. **Modification.**

None of the easements and rights granted under this Article VIII may be modified, terminated or abridged without written consent of the persons in whose favor easements run.

**ARTICLE IX
PROTECTION OF LENDERS**

Section 1. **Encumbrance of Lots Permitted.**

Any Lot or Nonresidential Area may be encumbered with a deed of trust. The Association may encumber Common Area real property only for purposes of a loan with a majority vote of the Association.

Section 2. **Breach of Covenants.**

A breach by any Owner of any of the provisions of this Declaration shall not defeat or render invalid the lien of any mortgage or deed of trust made in good faith and for value; provided however, the provisions of this Declaration shall be binding upon the Owners whose title thereto is acquired under foreclosure, trustee's sale, or otherwise.

Section 3. **Notice of Default.**

Upon written request to the Association, the beneficiary of a first deed of trust encumbering real estate subject to this Declaration shall be entitled to written notification from the Association of any default by the Owner of that real estate in the performance of such Owner's obligations under this Declaration that is not cured within ninety (90) days.

Section 4. **Insurance Proceeds and Condemnation Awards.**

No provision of this Declaration or the Association Articles shall give an Owner, or any other party, priority over any rights of a first deed of trust beneficiary in the case of a distribution to the Owner of insurance proceeds or condemnation awards. This Section does not supersede Article IV Section 31 Maintenance of The Property.

Section 5. **Appearance at Meetings.**

Because of its financial interest in the Subdivision, any beneficiary of a first deed of trust may appear (but cannot vote) at meetings of the Association.

Section 6. **Examination of Records.**

Beneficiaries of first deeds of trust shall have the right to examine the books and records of the Association and can require the submission of financial data concerning the Association, including annual reports, audits and operating statements as and when furnished to the Owners.

**PRIOR ARTICLE X (DELETED)
LIMITATION OF RESTRICTIONS**

**ARTICLE X
COMPLIANCE WITH COUNTY CONDITIONS**

Section 1. **Perpetual Funding.**

The provisions of Article III are intended to establish perpetual funding for the maintenance of all Common Area of the Association.

Section 2. **Enforcement of Special Assessment and Lien Provisions by County.**

In the event the Association fails to enforce any of the following described provisions of this Declaration:

- a. the obligation of the Association to properly maintain all Common Areas in the Subdivision; or
- b. the obligation of the Association to pay prior to delinquency all County taxes and assessments levied against Association property or against the Association;

then County shall be entitled to commence an action to enforce such provisions by any means allowed in law or equity, including the levy of a special assessment against all of the Owners, which special assessment shall be secured by a lien in the manner provided in Article III hereof.

Notwithstanding the foregoing, the County shall be entitled to commence such action only after:

- a. the County has given reasonable notice (which shall be not less than thirty (30) days) to the Association, describing such violation, or if no Association is in existence, by publication of reasonable notice in a newspaper of general circulation in Washoe County; and
- b. the Association or the Owners shall have failed to cure such violation within a reasonable time thereafter to the reasonable satisfaction of Washoe County.

Section 3. **Disclaimer of County Responsibility.**

WASHOE COUNTY WILL NOT ASSUME RESPONSIBILITY FOR MAINTENANCE OF THE PRIVATE STREET SYSTEM NOR ACCEPT THE STREETS FOR DEDICATION TO WASHOE COUNTY UNLESS THE STREETS MEET THOSE WASHOE COUNTY STANDARDS IN EFFECT AT THE TIME OF OFFER FOR DEDICATION.

Section 4. **Public Access Easements.**

Certain Common Areas within the Subdivision shall be open to the public. Except as expressly limited herein, Association or any Owner shall have the right to enforce the provisions of this Declaration now or hereafter imposed by arbitration as prescribed by Nevada Revised Statutes 38.300-360, or by any proceeding at law or in equity. Failure by the Association or by any Owner to enforce any provision shall in no event be deemed a waiver of the right to do so thereafter. The Association may establish and impose administrative procedures for resolving claims or disputes arising from the interpretation, application or enforcement of any provisions

stated herein, or specified in the Articles, Bylaws, or rules and regulations adopted by the Association or the ADRC.

Section 2. **Suspension of Privileges.**

The Board may, anything herein to the contrary notwithstanding, suspend all voting rights, other membership rights and all rights to use the Association's Common Areas of any Owner for any period during which any Association assessment against such Owner's property remains unpaid, or during the period of any continuing violation of the provisions of this Declaration by such Owner after the existence thereof has been declared by the Board, including a violation by virtue of the failure of a member to comply with the rules and regulations of the Association, provided the Association first complies with the following procedures:

a. **Notice**

Association must either mail to the Owner by U.S. Mail, or personally deliver to the Owner a notice that voting rights, other membership rights and rights to use the Common Area will be suspended unless the unpaid assessments are paid or the violation is cured, as the case may be, within fourteen (14) days of delivery of the notice. Section 8. **Grantee's Acceptance.**

Each grantee or purchaser of real estate subject to this Declaration shall by acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, accept such deed or contract upon and subject to each and all of the provisions of this Declaration and to the jurisdiction, rights, powers, privileges and immunities of the Association.
